Let Us Know – Member Intervention Form Update

Summary: First Choice Next is committed to assisting health plan providers in engaging members and supporting their health and well-being. If you identify members who need help managing their health, please notify us so we can offer timely assistance through our Let Us Know Program.

Currently, providers can *Let Us Know* if a member requires support by completing the Member Intervention Form, which is available on our plan website, and faxing it to our Rapid Response Outreach Team (RROT). The form can be used to assist members with issues such as:

1. Missed appointments
2. Behavioral health needs
3. Medication noncompliance
4. Care management engagement
5. Developmental screening concerns
6. Emergency room misutilization
7. Understanding plan benefits
8. Social determinants of health
9. Tobacco cessation referrals

Beginning May 7, 2026, providers will have the option of submitting the Member Intervention form via the NaviNet Provider Portal. This transition will streamline the submission and notification process to the RROT.

1. Log in to the NaviNet Provider Portal.
2. Go to the *Forms and Dashboards* section under Workflows for First Choice Next.
3. Select the Member Intervention form link.
4. Fill out all relevant fields on the form.
